

GSSRA Association Meeting (Aug 8, 2024)

Today's meeting had a max of 32 people signed in at its apex. Called to order at 8:06pm.

FINANCE: GSSRA has over \$9,000 on the books, of which \$2,320 has come in this year. This will help pay for clinics and further referee training. The Association will be moving to QuickBooks in order to better streamline access and accountability of those funds. The target date for this is August 31st, though Patrick did indicate it will likely happen much quicker than that.

TRAINING: Jack has secured access to FIFA Red in order to aid in training and provide video resources to discuss on-field situations. The clinics have been very successful in bringing in new referees and have been a wise use of association time and funds. John will be restarting the fitness program later on in the season.

INCORPORATION: The goal is to restructure the contact information within the next 2 months. As of today, GSSRA remains in good standing with the Secretary of State BUT the registered agent of service is still listed as Gary Smith, with a mailing address at 2100 Clematis Ct. ((<https://businessfilings.sc.gov/BusinessFiling/Entity/Profile/bf9cace5-2ec7-472b-b3d7-b16165eafbd7>))

ADULT LEAGUE: Target 2025 to begin this league. Sticking point remains field availability -- Stu has announced he will be seeking volunteers to aid in the implementation of this league.

CONTRACTS: Stu to follow up with Chyna regarding tournament contracts. County & Rec contracts are in place and Stu reports we have an improved working relationship with those organizations.

ASSIGNING: Make sure your blocks stay current and for the love of God respond as quickly as you can to new assignments.

PROFESSIONALISM: Show up to the fields looking worthy of the money you're being paid.

MEETING ADJOURNED: 8:38pm
